

BRIEF

DATE: March 25, 2021

Community Project Funding Accounts for FY 2022 Appropriations and Sample Earmarks from Previous Spending Bills

Over the past week, each of the House appropriations subcommittees released information on the accounts that will be open to Congressionally-directed spending under “Community Project Funding” (i.e., earmarks) in the fiscal year (FY) 2022 appropriations cycle, along with specific guidance for project requests. This brief identifies those accounts and provides sample earmarks from previous appropriations bills.

Overview of Community Project Funding

To date, only guidance and information has been released by the House Appropriations Committee and its individual subcommittees. The Senate guidelines are expected to will follow the House guidelines closely. In addition, the House Republican Conference officially [passed](#) a resolution on March 17, by a vote of 102-84, in support of restoring earmarks. The resolution means that all House Members – Democrats and Republicans – will be allowed to utilize this process. Again, while no official announcement has been made, it is very likely the Senate will also utilize earmarks.

House Appropriations Committee Chair Rosa DeLauro (D-CT) established [general guidance](#) for Community Project Funding for House members. On March 19, Chair DeLauro sent a [Dear Colleague letter](#) to House members providing updated information on group letters supporting a request. The general guidance was also updated on March 19 to reflect this updated information.

Two of the biggest requirements of Community Project Funding will be that funds cannot be awarded to for-profit entities and House Members will be limited to requesting funding for only 10 projects in total. Furthermore, each project will need to demonstrate community support, either through a letter from the requesting entity or through a show of public community support. In selecting projects to be considered for Community Project Funding, special districts should consider the following general items as well as the individual subcommittee requirements in the decision:

- Funding will need to be obligated in federal fiscal year 2022 (October 1, 2022 – September 31, 2023).
- Impact of the project to economic development, COVID recovery, climate resiliency, and environmental justice
- Local match available and ability of the federal funding to “finish” the project or fill a gap in funding.

- Regional, statewide, or national impact of the project.

House Subcommittee Deadlines

On March 19, the House Appropriations Committee extended the due dates for Members to submit their priorities to each of the subcommittees. The following deadlines reflect when Members must submit their priority projects to the individual appropriations subcommittees. Individual House offices have set their own deadlines, many of which were initially during the week of March 29. However, many House offices have now extended their internal deadlines to the weeks of April 5 or April 12 due to the House Appropriations Committee's extension of their deadlines to April 28-30. Additionally, House Appropriations Committee Chair Rosa DeLauro (D-CT) sent a [Dear Colleague letter](#) on March 19 to House members providing updated information on group letters supporting a request. The [general guidance](#) for Community Project Funding for House members from the Committee was also updated on March 19 to reflect this updated information.

Subcommittee	Programmatic/Language	Community Project Funding
Agriculture	April 29, 2021	April 29, 2021
Commerce, Justice, Science (CJS)	April 29, 2021	April 29, 2021
Defense	April 29, 2021	April 29, 2021
Energy and Water	April 28, 2021	Late May 2021
Financial Services	April 30, 2021	April 30, 2021
Homeland Security	April 30, 2021	April 30, 2021
Interior-EPA	April 30, 2021	April 30, 2021 with exception for LWCF
Labor, HHS, Education	April 28, 2021	April 28, 2021
Legislative Branch	April 29, 2021	N/A
Mil. Con -VA	April 28, 2021	April 28, 2021
State, FOPs, and Related	April 28, 2021	N/A
Transportation, HUD	April 30, 2021	April 30, 2021

Senate Subcommittee Deadlines

The following deadlines reflect when Senators must submit their priority projects to the individual appropriations subcommittees. Individual Senate offices will set their own deadlines.

State, FOPs, and Related	TBD	TBD
Transportation, HUD	TBD	TBD

Agriculture, Rural Development, FDA, and Related Agencies

[Subcommittee guidance document](#)

Agriculture Research Service

Buildings and Facilities

Facility requests must be for ARS-owned facilities or for facilities that will enhance ongoing ARS work. Requests can assist in the acquisition of land, construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities as necessary to carry out the agricultural research programs of the Department of Agriculture.

Examples of earmarks from previous appropriations bills include:

- \$58,800,000 for National Center for Animal Health, Ames, IA
- \$3,625,000 for Grape Genomics Research Center, Davis, CA
- \$3,625,000 for Aquaculture Facility, Aberdeen/Bilingsley Creek, ID
- \$3,625,000 for Biotechnology Laboratory, Lorman, MS
- \$4,000,000 for Center of Grape Genetics, Geneva, NY
- \$3,625,000 for Appalachian Fruit Laboratory, Kearneysville, WV

Rural Development (new earmark accounts in FY 2022)

Rural Community Facility Grants

Grants to purchase, construct, or improve essential community facilities, to purchase equipment, and pay other related project expenses. Essential community facilities include, but are not limited to, healthcare facilities, public facilities, public safety measures, educational services, or other community support services. Examples of eligible projects include: medical or dental clinics, towns halls, courthouses, childcare centers, police or fire departments, public works vehicles, or distance learning equipment.

Any project must serve a rural area, which includes a city, town, or unincorporated area that has a population of 50,000 inhabitants or less, other than an urbanized area immediately adjacent to a city, town, or unincorporated area that has a population more than 50,000 inhabitants.

Requests are also subject to the maximum grant assistance limitations specified in [7 CFR 3570.63\(b\)](#) (distress criteria).

*USDA Rural Development also supports the Community Facilities loan and grant program. This account was not previously earmarked so no project examples are available.

ReConnect Grants

ReConnect broadband pilot grants facilitate broadband deployment in rural areas. Grants funds can be used for the costs of construction, improvement, or acquisition of facilities and equipment needed to provide broadband service to rural areas without sufficient broadband access, defined as 10 Mbps downstream and 1 Mbps upstream.

The area must be rural and lack sufficient access to broadband service. A rural area is any area which is not located within: (1) a city, town, or incorporated area that has a population of greater than 20,000 inhabitants; or (2) an urbanized area contiguous and adjacent to a city or town that has a population of greater than 50,000 inhabitants. Sufficient access to broadband is defined as greater than 90% of any rural area in which households have fixed, terrestrial broadband service delivering at least 10 Mbps downstream and 1 Mbps upstream. Mobile and satellite services will not be considered in making the determination of sufficient access to broadband.

Stand-alone middle-mile projects are not eligible under the ReConnect Program. However, middle-mile facilities are eligible if they are needed to bring sufficient broadband service to all premises in the area.

*The ReConnect program is a new grant program under USDA Rural Development so there is no earmark history.

Commerce, Justice, Science, and Related Agencies

[Subcommittee guidance document](#)

Department of Commerce

National Oceanic and Atmospheric Administration (NOAA), Operations, Research, and Facilities

Project funding for NOAA will only be considered within the Operations, Research, and Facilities account. This account does not fund construction projects, and as such, any such requests will not be considered. Requests for funding will be considered for research, demonstration or education projects performed by external partners or for prioritizing NOAA internal funds for geographically specific projects. Any such project must be aligned with NOAA's mission and within their existing authorities. The subcommittee will not entertain requests for community project funding for the National Weather Service or the Office of Marine and Aviation Operations. Coastal Zone Management funds are distributed to states on a formula basis and will not be

considered for community project funding. Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account.

Examples of earmarks from previous appropriations bills include:

- \$1,000,000 for Bronx River Restoration, NY
- \$400,000 for Mill River habitat restoration, Mill River, MA
- \$2,000,000 for on the water/in the field oyster restoration efforts, Oyster Recovery Partnership, Annapolis, MD
- \$500,000 for the Port Aransas Nature Preserve to preserve endangered wetlands and help stop severe erosion in Port Aransas and along the Corpus Christi Ship Channel, TX
- \$400,000 for the Yukon River Drainage Association to promote healthy wild salmon fisheries, Yukon River, AK
- \$500,000 for Lower Elwha River habitat restoration and mitigation, Lower Elwha Klallam Tribe, Port Angeles, WA

Department of Justice

State and Local Law Enforcement Assistance - Byrne Justice Assistance Grants

Funding under this program is authorized for: (a) law enforcement programs; (b) prosecution and court programs; (c) prevention and education programs; (d) corrections and community corrections programs; (e) drug treatment programs; and (f) planning, evaluation, and technology improvement programs. Funding is not available for: (a) vehicles, vessels, or aircraft; (b) luxury items; (c) real estate; or (d) construction projects.

For FY 2022, all projects must comply with requirements in JAG statutes. Projects that address improving police-community relations will be favored.

Examples of earmarks from previous appropriations bills include:

- \$300,000 for the National Association of Town Watch's National Night Out crime prevention program
- \$1,000,000 for the National Law Center for Children and Families
- \$1,250,000 for the Washington Metropolitan Area Drug Enforcement Task Force, DC
- \$8,000,000 for Operation UNITE for a drug enforcement, treatment and education program
- \$100,000 for Parkville for domestic violence programs, MO
- \$1,450,000 for the City of Richmond for law enforcement initiatives, VA
- \$1,000,000 for Regional Training Center in Sioux Center, IA
- \$2,000,000 for the University of Southern Mississippi Forensic Teaching Laboratory, MS
- \$3,000,000 for J-ONE information Sharing System, NH
- \$250,000 for the Alabama Center of Law and Civic Education's Play by the Rules: Alabama Laws for Youth Program, AL
- \$400,000 for the City of San Jose Gang Prevention Anti-Violence Public Outreach Campaign, CA
- \$300,000 for the Indiana State Police Department for their Methamphetamine Initiative, IN
- \$1,000,000 for Oglala Sioux Tribe for law enforcement, courts, and detention equipment and operations on the Pine Ridge Indian Reservation

COPS Technology and Equipment

Funds under the COPS Technology and Equipment program can be used to develop technologies and automated systems to assist state and local law enforcement agencies in investigating, responding to and preventing crime. Funding can be used to develop and acquire effective technologies and interoperable communications that assist in investigating, responding to, and preventing crime. Equipment must meet National Institute of Standards and Technology (NIST) Office of Law Enforcement Standards (OLES). No funding will be available for vehicles or construction. In addition, no sub-granting to other organizations or agencies will be allowed.

Examples of earmarks from previous appropriations bills include:

- \$1,500,000 for Statewide records management system for Virginia law enforcement, VA
- \$500,000 for San Bernardino County for an electronic crime reporting system, CA
- \$100,000 for City of Luverne Police Department for an automated fingerprint identification system, AL
- \$200,000 for Neosho County for the Southeast Kansas Regional in-car digital video project, KS
- \$700,000 for City of Memphis and Shelby County Public Safety Radio System, TN
- \$150,000 for Basic Immigration Training for State, Local, and Tribal Law Enforcement Project, OK
- \$5,000,000 for Alaska Land Mobile Radio migration for multi-agency communications network, AK
- \$2,000,000 for Florida Department of Corrections for Tracking Registered Sex Offenders, FL
- \$1,750,000 for WV High Technology Consortium Foundation, WV
- \$50,000 for Newton County Sheriff's Department Communications Upgrade, GA
- \$250,000 for Santa Monica Upgrade central Public Safety Facility, CA
- \$100,000 for Santa Ana Police Dept. Ballistic Lab, CA
- \$300,000 for Monroe County Computer Forensic/Digital Evidence Module, NY
- \$55,000 for Ben Hill County Sheriff for In Car Video Systems, GA
- \$270,000 for Borough of Cliffside Park to replace computer hardware and software for Dispatching Radio System, NJ
- \$500,000 for City of Glendale for the Foothill Regional Forensic DNA Lab, CA
- \$300,000 for Automated Fingerprint Identification System and IMPD Technology Equipment, IN
- \$160,000 for Morgan County Mobile Data Terminal Update, AL

Energy and Water

[Subcommittee guidance document](#)

On March 24, the House Energy and Water Development Appropriations Subcommittee released the [list of authorized programs and projects](#) that will be considered for Community Project Funding.

Corps of Engineers

Investigations

General Investigations funds are used for expenses necessary for the collection and study of basic information pertaining to river and harbor flood control, shore protection, aquatic ecosystem restoration, and related projects, restudy of authorized projects, miscellaneous investigations, and, when authorized by law, surveys

and detailed studies and plans and specifications of projects prior to construction. The first \$100,000 for feasibility studies is federally funded. If the study cost exceeds \$100,000 the cost share is 50% Federal 50% non-Federal. Project implementation cost share is 65% Federal 35% non-Federal. Federal cost share may not exceed \$5 million.

Examples of earmarks from previous appropriations bills include:

- \$125,000 for Napa River Salt Marsh Restoration
- \$100,000 for San Joaquin Valley Region, CA
- \$130,000 for Neuse River Basin, NC
- \$4,844,000 for Calfed Levee Stability Program, CA
- \$756,000 for Middle Rio Grande flood protection, Bernalillo to Belen, NM

Construction and Environmental Infrastructure, Construction

Funds are used to support construction, major rehabilitation, and related activities for water resources development projects. These projects focus on navigation, flood control, water supply and hydroelectric activities. Funds are provided for coastal and inland waterways.

Examples of earmarks from previous appropriations bills include:

- \$48,000,000 for Oakland Harbor (50 foot project), CA
- \$19,900,000 for Wilmington Harbor, NC
- \$10,000,000 for Chickamauga Lock, TN
- \$26,000,000 for Houston-Galveston Navigation Channels, TX
- \$8,546,000 for Virginia Beach (Hurricane Protection), VA
- \$2,325,000 for Acequias Irrigation System, NM
- \$100,000 for Napa River, Salt Marsh Restoration, CA

Mississippi River and Tributaries

Examples of earmarks from previous appropriations bills include:

- \$9,690,000 for Old River, LA
- \$10,151,000 for Arkabutla Lake, MS
- \$732,000 for Yazoo City, MS

Operation and Maintenance

Funds are used for expenses necessary for the operation, maintenance, and care of existing river and harbor, flood and storm damage reduction, aquatic ecosystem restoration, and related projects. Activities such as dredging, repair and operation of structures and other facilities; controlling aquatic plants; monitoring completed coastal projects; removing sunken vessels; and collecting domestic waterborne commerce statistics.

Examples of earmarks from previous appropriations bills include:

- \$815,000 for Panama City Harbor, FL
- \$1,389,000 for Atlantic Intracoastal Waterway, NC

- \$3,218,000 for Morehead City Harbor, NC
- \$5,585,000 for Oakland Harbor, CA
- \$675,000 for Napa River, CA
- \$2,054,000 for Channel to Harlingen, Texas
- \$8,740,000 for Denison Dam, Lake Texoma, TX & OK
- \$475,000 for Fox Point Hurricane Barrier, Providence, RI

Bureau of Reclamation

Water and Related Resources

This account supports the development, management and restoration of water and related natural resources in the 17 western states. Funds are provided for operating and maintaining existing facilities, as well as conducting studies on improving the use of water and related natural resources.

Examples of earmarks from previous appropriations bills include:

- \$287,000 for San Joaquin Division, CA
- \$1,250,000 for Long Beach Desalination Project, CA
- \$633,000 for Crooked River Project, OR
- \$103,000 for El Paso Water Reclamation and Reuse, TX
- \$76,000 for North Platte Project, WY
- \$1,000,000 for Eastern New Mexico Water Supply, NM
- \$2,000,000 for North Las Vegas Water Reuse, NV
- \$5,000,000 for Arkansas Valley Conduit, CO

Financial Services and General Government

[Subcommittee guidance document](#)

Small Business Administration

Small Business Initiatives

Funds projects such as entrepreneur training, workforce development, counseling, research, and construction or acquisition of facilities.

Homeland Security

[Subcommittee guidance document](#)

FEMA

Pre-Disaster Mitigation Grants

Pre-Disaster Mitigation (PDM) funding is provided to States, Indian Tribal governments, Territories, and local governments for implementing cost-effective hazard mitigation planning and projects before disasters occur. Projects must meet the requirements in the most recent Notice of Funding Opportunity (NOFO) for Building Resilient Infrastructure and Communities (BRIC) grant program.

The goal of the program is to reduce the overall risk to people and property from future disasters, while also reducing reliance on funding from disaster declarations. Eligible pre-disaster mitigation projects include: (1) Voluntary acquisition of real property; (2) Relocation of public or private structures; (3) Elevation of existing public or private structures; (4) Structural retrofitting and non-structural retrofitting; (5) Construction of safe rooms; (6) Vegetation management; (7) Protective measures for utilities; (8) Stormwater management projects; and (9) Localized flood control projects that are designed specifically to protect critical facilities.

Examples of earmarks from previous appropriations bills include:

- \$1,000,000 for the Adjutant General's Office of Emergency Preparedness, SC
- \$90,000 for the Alabama Department of Homeland Security, for Jackson County, AL
- \$468,000 for the City of Kannapolis, NC
- \$100,000 for the City of Berlin, Public Health Department, NH
- \$500,000 for the City of Trenton, NJ
- \$300,000 for Clark County Emergency Management, WI

Nonprofit Security Grants (New earmark account in FY 2022)

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity and the Preparedness Grants Manual for the Nonprofit Security Grant Program (NSGP) will be considered for funding. For any projects designated for funding in the final fiscal year 2022 Homeland Security Appropriations Act, the respective state administrative agency (SAA) must submit an application to the Federal Emergency Management Agency, and the SAA will serve as the administrative agent for the grant.

*This is a new account available for earmarking in FY 2022. No previous project examples are available.

Emergency Operations Center Grants

Funding is provided to local governments, emergency management commissions, fire departments, etc. to help communities adequately construct or renovate their principal Emergency Operations Center.

Examples of earmarks from previous appropriations bills include:

- \$1,700,000 for Counterterrorism and Cyber Crime Center, VT

- \$1,000,000 for the Emergency Operations Center, Northumberland County, Department of Public Safety, PA
- \$1,000,000 for the Emergency Operations Center, North Carolina Department of Crime Control and Public Safety, NC
- \$5,000,000 for the Transportation Technology Center, Incorporated, CO
- \$5,000,000 for the National Disaster Preparedness Training Center, University of Hawaii, HI
- \$1,000,000 for the Emergency Operations Center, Lake County, FL

Interior and Environment

[Subcommittee guidance document](#)

Land and Water Conservation Fund

Land and Water Conservation Fund can be used for federal land and water acquisition and interests therein. Projects must be for the purpose of land and habitat conservation and encouragement of outdoor recreation. Land acquisition project requests should be requested through the agency that would manage the land being acquired (BLM, FWS, NPS, or FS).

Note: The Subcommittee will accept requests for these community projects after the release of the full President's budget.

Examples of earmarks from previous appropriations bills include:

- \$500,000 for the Rainwater Basin Wetlands Management District, NE
- \$2,000,000 for the San Joaquin River National Wildlife Refuge, CA
- \$700,000 for the Rhode Island National Wildlife Refuge Complex, RI
- \$250,000 for the Driftless Area National Wildlife Refuge, IA
- \$500,000 for the Patoka National Wildlife Refuge, IN
- \$500,000 for the Dakota Tallgrass Prairie Wildlife Management Area, SD
- \$2,000,000 for the Cape May National Wildlife Refuge, NJ

Environmental Protection Agency - State and Tribal Assistance Grants

Funds local water and wastewater infrastructure projects, including construction/modification to drinking water treatment plans and municipal sewage treatment plants. Projects must be publicly owned or owned by a nonprofit entity and eligible for the state's clean water or drinking water state revolving fund. A 20% match is required.

Examples of earmarks from previous appropriations bills include:

- \$2.5 million for Arcadia and Sierra Madre, CA, for Joint Water Infrastructure Projects
- \$750,000 for Monterey and Monterey County, CA, for the Development and Implementation of a Water Management Plan
- \$1.5 million for Avondale, AZ, for Wastewater Treatment Facility Expansion
- \$1 million for San Bernardino, CA, for the San Bernardino Lakes and Streams Project
- \$2 million for San Jose, CA, for the Santa Clara Valley Water District Perchlorate Cleanup Program
- \$1.5 million for Georgetown, CA, for the Greenwood Lake Water Treatment Facility

- \$1 million for Stamford, CT, for Mill River Stormwater Management Infrastructure Improvements
- \$1.5 million for Wake County, NC, for Jordan Lake Water and Wastewater Infrastructure Improvements
- \$1 million for Kinston, PA, for the Luzerne County Combined Sewer Overflow Project

US Forest Service - State and Private Forestry Projects (New earmark account in FY 2022)

This program provides technical and financial assistance to improve the management, protection, and utilization of forests. It includes state fire assistance projects or specific forest assistance projects. More competitive projects are those listed on any federal or state ordinal list or are clearly demonstrated to meet the goals of a State Forest Action Plan.

*This is a new account available for earmarking in FY 2022. No previous project examples are available.

Labor, Health and Human Services, Education and Related Agencies

[Subcommittee guidance document](#)

Department of Labor

Employment and Training Administration—Training and Employment Services

This account funds several activities, such as the following programs: Dislocated Workers program and Pilots and Demonstrations program, under the Workforce Investment Act of 1998 (WIA). The Dislocated Workers program provides assistance for workers affected by mass layoffs and plant closures. The Pilots and Demonstration Program supports innovative efforts to provide job training.

Examples of earmarks from previous appropriations bills include:

- \$476,000 for Aerospace Worker Joint Apprenticeship Training Committee, Seattle, WA, for skills training for the aerospace industry
- \$190,000 for the Alabama Institute for the Deaf and Blind, Mobile, AL, for an employer training and job development initiative
- \$238,000 for Bay Area Workforce Development Board, Green Bay, WI to address re-entry planning, family reunification, mentoring and life skills intervention for incarcerated women
- \$951,000 for Blackhawk Technical College, Janesville, WI, for employment and training activities
- \$143,000 for Catholic Charities, Chicago, IL for veterans training services
- \$285,000 for Central Caroline Technical College, Bishopville, SC for job training services for the residents of Kershaw and Lee counties
- \$476,000 for the City of East Palo Alto, CA for job training services and summer job opportunities
- \$95,000 for the City of Jackson, MS for the Jackson Transitional Job Project for job training and employment programs for the homeless
- \$381,000 for the City of Milwaukee, WI, for youth internships and occupational training in the green-collar employment sector

- \$290,000 for South Bay Workforce Investment Board, Hawthorne, CA, for its Bridges to Work program

Department of Health and Human Services

Health Resources and Services Administration—Program Management

The account supports programs that provide health services to disadvantaged, underserved and special populations; improve infant mortality rates; improve the education and training of health professionals; and assist in the utilization of health care facilities. Funding is earmarked for a variety of specific projects within four programs: (1) the Health Care and Other Facilities program for construction and renovation of outpatient medical facilities; (2) the Rural Health Outreach program for health care assistance and services to rural populations not otherwise receiving them, or for increasing access to existing services; (3) the Rural Health Research program for rural health center projects; and (4) Telehealth programs for improving health care and access to it through telecommunications and related technology.

Examples of earmarks from previous appropriations bills include:

- \$350,000 for Access Center, Inc., Vienna, VA for facilities and equipment
- \$200,000 for Grossmont Hospital Foundation, La Mesa, CA for facilities and equipment for Grossmont Hospital, San Diego, CA
- \$50,000 for Emanuel County Hospital Authority, Swainsboro, GA for facilities for its rural health clinic in Twin City, GA
- \$750,000 for Adventist HealthCare, Rockville, MD for facilities and equipment
- \$1 million for Lawton Chiles Foundation, Tallahassee, FL, for facilities and equipment
- \$1,400,000 for Ohio State University Medical Center, Columbus, OH, for facilities and equipment
- \$250,000 for Roswell Park Cancer Institute, Buffalo, NY, for facilities and equipment
- \$571,000 for Access to Healthcare Network, Reno, NV, to expand the Access to Healthcare Network into Northern NV rural counties
- \$285,000 to Advocate Lutheran General Hospital, Park Ridge, IL, for construction
- \$1,427,000 for Advocates for a Healthy Community, Springfield, MO, for construction, renovation and equipment
- \$95,000 for Alaska Brain Injury Network, Anchorage, AK, for brain injury programs and outreach services

Substance Abuse and Mental Health Services Administration—Health Surveillance and Program Support

Funds are provided for prevention, intervention and treatment services for mental health, alcoholism and other drug abuse problems. Administration of these programs is divided among three centers: (1) Center for Mental Health Services; (2) Center for Substance Abuse Treatment; and (3) Center for Substance Abuse Prevention.

Center for Mental Health Services

Funding is designated for specific activities such as trauma reduction demonstrations, mental health services in public housing and transitional living for troubled youth.

Examples of earmarks from previous appropriations bills include:

- \$500,000 for Alfred University for the Lea R. Powell Institute for Children and Families: Improving Access to High Quality Mental Health Services in Underserved, Isolated Rural Areas, in Alfred, NY
- \$100,000 for Dauphine County department of Human Services for the Mental Health Court Program to help the Dauphin County courts and prisons work with individuals with mental health and substance abuse problems, in Dauphin County, PA
- \$50,000 for Oklahoma Department of Mental Health and Substance Abuse Services for the Substance Abuse and Mental Health Cross Training Initiative, in Oklahoma City
- \$75,000 for Potter County Human Services for a Youth Community Awareness program that will provide community outreach and assistance to address the rising number of teen suicides in Potter County, in Roulette, PA
- \$400,000 for the See Forever Foundation to provide the mental health services needed by the students of the Maya Angelou Public Charter School, in Washington, DC
- \$1 million for Temple University, Center for Social Policy and Community Development to develop and implement a two pronged Adolescent Suicide Prevention Pilot Program, in Philadelphia, PA
- \$95,000 for the City of Berkeley, CA for mental health screening, assessment, referral, and treatment for young children ages 0-5
- \$95,000 for the City of Charleston, SC to implement mental health services in response to catastrophic events
- \$476,000 for the Rosebud Sioux Tribe, Rosebud, SD for suicide prevention and early intervention services

Center for Substance Abuse Treatment

Funding is designated for studies of adolescent treatment programs, teen parenting programs and support programs for high-risk populations.

Examples of earmarks from previous appropriations bills include:

- \$200,000 for El Monte Police Department, El Monte, CA, for youth violence prevention
- \$200,000 for Mental Health Association of Tarrant County, Fort Worth, TX— School Mental Health Education Program
- \$100,000 for Family Communications, Inc. in Pittsburgh, PA for the Managing Anger, Promoting Safety (MAPS) project with a focus on childcare settings in underserved communities in Mississippi
- \$300,000 for Community Counseling Center, Portland, ME for services for adults and children who have experienced emotional trauma
- \$150,000 for DeKalb Crisis Center, Decatur, GA for mobile mental health outreach, assessment and intervention services
- \$80,000 for San Diego Lesbian, Gay, Bisexual and Transgender Community Center, San Diego, CA for mental health services
- \$50,000 for Wisconsin Department of Agriculture, Trade and Consumer Protection in Madison, WI for the Sowing the Seeds of Hope rural mental health project
- \$190,000 for Glenbeigh Hospital of Rock Creek, Rock Creek, OH for a substance abuse treatment program
- \$476,000 for Prairie Center Health Systems, Urbana, IL, for outpatient and inpatient detoxification services for meth-addicted patients

- \$133,000 for Unity Fellowship of Christ Church, Los Angeles, CA for behavioral health services related to HIV/AIDS transmission and chemical dependency

Center for Substance Abuse Prevention

Funding is designated for specific projects such as prevention demonstration programs for minority populations.

Examples of earmarks from previous appropriations bills include:

- \$25,000 for ALERT Partnership, Allentown, PA for a substance abuse prevention program
- \$100,000 for Ohio Association of Alcoholism and Drug Abuse Counselors, Worthington, OH— expansion of the Ohio Alcohol and Other Drug Workforce Resource Center
- \$200,000 for Centre County, PA, to implement, in coordination with Clinton County, educational programming targeting the prevention of drug use by students
- \$340,000 for C.B. Johnson Campaign for a Drug Free Westside, Chicago, IL for substance abuse prevention and treatment services
- \$100,000 for Clinton County Communities That Care, Lock Haven, PA for a prevention program to identify and reduce risk factors leading to juvenile delinquency
- \$100,000 for CODAC Behavioral Healthcare, Cranston, RI to reduce substance abuse and violence with troubled students
- \$230,000 for Susan P. Byrnes Health Education Center, Inc., York, PA, for a tobacco education program in schools and community organizations
- \$333,000 for the Fighting Back Partnership, Vallejo, CA for an intervention program targeting elementary and high school students who are at risk for substance abuse and misuse
- \$951,000 for the West Virginia Prevention Resource Center, Charleston, WV, for drug abuse prevention

Department of Education

Innovation and Improvement

Funds instructional services, afterschool centers, curricula development, teacher training, acquisition of books and computers, arts education, social and emotional learning activities, full-service community schools, and early childhood education.

Examples of earmarks from previous appropriations bills include:

- \$250,000 for Huntingdon College for training K–12 teachers in the use of education technology, CA
- \$250,000 for Chesapeake Bay Foundation in cooperation with the Living Classrooms Foundation for educational programming, MD
- \$125,000 for North Carolina Central University for academic enrichment and mentoring activities for at-risk students, NC

Transportation, HUD

Department of Transportation

Subcommittee guidance linked.

Local Transportation Priorities (New earmark account in FY 2022)

[Local Transportation Priorities](#)

Local Transportation Priorities are highway and transit capital projects. Community Project Funding requests must be:

- Capital projects or project specific planning/design for a capital project.
- Supported by the state or local government that will administer the project. Inclusion on a Statewide Transportation Improvement Plan (STIP) or Transportation Improvement Plan (TIP) satisfies this requirement.
- Administered by public entities.

This account will fund projects typically eligible for the Surface Transportation Block Grant Program, which generally does not fund projects on local roads. Exceptions include a bridge or tunnel project (although not new construction); highway and transit safety infrastructure; and recreational trails programs.

Airport Improvement Program

[Airport Improvement Program](#)

The Airport Improvement Program provides grants for airport development and planning.

Examples of earmarks from previous appropriations bills include:

- \$1,000,000 for Abbeville Municipal Airport, AL, Rehabilitate runways
