

# SDAO FIRE DISTRICT DIRECTORS ACADEMY

Special Districts Association of Oregon (SDAO) and Oregon Fire District Directors Association (OFDDA) recognize that being appointed or elected to a fire district board comes with great responsibility. Staying educated on the rules and regulations that govern special districts is extremely important.

The SDAO/OFDDA Fire District Directors Academy has been designed to ensure that Oregon's fire district directors have all the tools necessary to provide superior leadership and governance to their communities. Our program offers current, in-depth training and education opportunities in several areas including board member basics, statutory obligations, fire service, risk management, and human resources.

Participants can individualize their course of study to fit their unique needs with three different certificate tracks. Bronze, silver, gold, and platinum certificates are available to those that finish the corresponding module requirements.
